

## QUALITY POLICY

KeyPlus Security Ltd is committed to high levels of quality in all areas of our business operations through the company's core values. We achieve this by maintaining, understanding our clients' requirements and meeting them consistently and efficiently at all times. We look to continuously improve in all areas of the business. Our commitment to quality is underpinned by implementing a quality management system that meets the requirements of ISO 9001:2015.

The Quality Management System has been developed to support KeyPlus Security Ltd in achieving its strategic direction and through understanding our organisational context. We adopt a process approach to business and understand the risks and opportunities associated with our operations.

The Quality Management System is reviewed at regular intervals at management review meetings for its continued suitability to our business. All employees of KeyPlus Security Ltd has an understanding of the quality management system's processes and objectives and how their role impacts on the continued success of our business.

KeyPlus Security Ltd identifies objectives that assist in the continual improvement of our business. Our objectives are reviewed on a regular basis.
